PROFESSIONAL SUMMARY

Software Engineering student at Istanbul Okan University (4th year) with hands-on experience in mobile and web development. Proficient in Java, C, JavaScript, HTML, CSS, and PostgreSQL, with practical knowledge of Android and Flutter development. Active contributor to developer communities through Google Developer Student Club (GDSC) and Google Developer Groups on Campus. Strong understanding of Software Development Lifecycle (SDLC), clean code principles, and object-oriented programming. Seeking a junior software engineering position or internship to apply and expand technical skills.

EDUCATION

Software Engineering — Istanbul Okan University (2022 – Present)

4th Year | Relevant coursework: Data Structures, Algorithms, Object-Oriented Programming, Database Systems

TECHNICAL SKILLS

- **Programming Languages:** Java, C++
- **Web Technologies:** HTML, CSS, JavaScript
- **Mobile Development:** Android Studio
- **Databases:** PostgreSQL
- **Tools & Version Control:** Git, Visual Studio Code
- **Concepts:** SDLC, OOP, Clean Code, Agile

JOBS

Software Development Intern — TURKTICARET.NET (June – July 2026)

Worked as a Software Engineering Intern, gaining hands-on experience in full-cycle web development. Utilized HTML, CSS, and JavaScript to design, develop, and maintain user-friendly web features. Actively contributed to team project goals while honing modern web technology skills.

Software Development Intern — THEADX (August – September 2026)

Worked as a Software Engineering Intern, gaining hands-on practical experience in software development processes and contributing to team engineering goals.

EXPERIENCE

Participant — Microsoft Summer School (2026)

- Took part in Microsoft Summer School, gaining exposure to industry practices and technologies.

Core Team Member — Google Developer Groups on Campus Okan

- Planned and executed technical community events supporting 100+ students in software development.
- Coordinated speaker sessions and workshops on AI, cloud computing, and mobile development.
- Collaborated with cross-functional teams to manage event logistics and grow community engagement.

Core Team Member — Google Developer Student Club (GDSC)

- Organized technical workshops introducing students to software development best practices.
- Promoted developer resources and facilitated peer-to-peer learning across the student community.

PROJECTS

- **Youtube Tracker:** github.com/suedaa4/Youtube-Tracker
- **API Security Platform:** github.com/suedaa4/api-security-platform

CERTIFICATIONS

- Google Cloud Essentials Bootcamp — Google
- Mobile Application Development with Flutter
- Mobile Application Development with Cursor
- Clean Code Techniques Certificate (2023)
- Software Development Lifecycle (SDLC) Certificate
- AI Journey Certificate
- GEN Academy Participation Certificate
- Onchain Workshop

SOFT SKILLS

- Problem Solving & Analytical Thinking
- Team Collaboration & Effective Communication
- Time Management & Adaptability

LANGUAGES

- **Turkish:** Native
- **English:** B2 Upper-Intermediate
- **German:** A1 Beginner
